MacLeod Elementary 5H Predictions

In 2026 I want to get better at focusing more. I want to be better at drawing or sketching. I want to sleep earlier and wake up earlier. My goal for 2026 is that I can do a loop and flip in skating. 2025 was cool and I learned a lot! But I hope 2026 is better. Next year I wish to get smarter. I'm looking forward to lockers in the high school and new students. I wish that in the high school my acne will be gone so I don't get stared at. I hope my cousins and uncles and aunts come to Canada. I would like it if I was less shy. I want to get better at remembering chores so my parents and my brother can come home and rest. 2025 I wasn't that helpful or that smart, but next year I hope I can be helpful more than last year. I will always remember memories in 2025 and connect them to the future and see how time flies by. All the holidays in 2025 were cool too, but I hope 2026 holidays can be better and more fun. I am so excited for the new year. I hope I can make new and happy memories next year.

Happy New Year! In 2026 I predict that I will be going on a trip. My goal is to get better at hockey. A bad habit I want to break is drinking more water, and going to sleep late. I am looking forward to go to the high school in 2026. A change that will happen in 2026 is that I will get smarter. To me, another prediction that I have is that I will get better at science.

Happy New Year! I can't believe it is 2026! The best part of 2025 is being in Mrs. Hayhurst's class! I predict that in 2026 I bet I can be taller than my mom! I'm looking forward to seeing my brother in Winnipeg again. I feel like what happens in 2026 is going to high school and BIGGER lockers. I want to be better at math and division. A bad habit I want to break is math. My goal in 2026 is to get better at skating and to get into Star Skate.

Happy New Year! 2026 will be a great year. Tons of new songs and more sports to play and more funny jokes to say. 2025 went fast and slow. In the winter while it snows. 2025 was filled with slangs, 67, 41, doi doi and other things. 2025 went super fast and I predict that disease will spread and Megladons are not dead. I also predict World Cup Soccer will be won by Croatia. My reflection on 2025 is good. A lot of things happened with Donald Trump getting elected. I predict Obama will be the next President after Trump's probation. I also predict another world mascre will happen. That is my New Year.

Once upon a time me and my brother were playing Fortnite on a stormy night when "Ding Dong" our door bell went. We went upstairs to see who was there. There were two people in black. We could hardly see them. My dog was barking like crazy. My brother and I knew there was something wrong after the strangers ran off. We told each other to forget about it and play Fortnite downstairs. We went downstairs when "Ding Dong". We didn't even get Fortnite turned on. We went upstairs when the same people in black were saying they wouldn't ring the door bell again. Two hours later the door bell rang. We went down stairs then, "Ding Dong". We said to each other, "I think we are cursed." We went upstairs. Our door was open with foot steps going on our top floor. We went upstairs with our dad. Our dad said, "Why did you wake me up at 3:33 a.m." Someone broke in upstairs. We went upstairs. The guy jumped off the stairs and went outside and we locked every door and dad told us to go to bed. MacLeod Elementary Grade 5H Predictions

Happy New Year and a Merry Christmas! Things I did in 2025. I finished grade 4 and had a really good teacher. We made lots of memories. I think I made most of them in Math.

On the last day there were a lot of tears shed and most important we were like a big happy family full of laughter.

When I started grade 5, I had my dream teacher, Mrs. Hayhurst. I was so excited. There has been ups and downs and twist and turns. I think there will be a lot of funny memories, cool holidays, and hard questions but one thing she is going to be my last elementary teacher. Gifts will be opened, memories shared, laughter will be spread and don't forget cheers. This will be a great class. I am excited for this year ahead. This is going to be a year that is not forgotten. Thanks for listening!

At the start of 2025, I was just enjoying life and hanging out with my baby cousin. When February came around, I celebrated my uncle's and one of my sister's birthday and Valentine's Day. In March I was celebrating my baby cousins' second birthday.

In April I celebrated Easter and hung out with my best friend. In May I had my dad's birthday.... Yippee!! I gave my mother gifts on Mother's Day. In June, it was my 10th birthday and the end of grade 4 and I had a new best friend.

When July came around, I was hanging out with my best friend all the time and same with August. Then school came around and my teacher, Mrs. Hayhurst is the best!

Also, Halloween came and for Halloween I dressed up with my best friend and we had to practice our Christmas concert in December and nothing interesting in November. I think 2026 will be way better.

2025 was great! I will miss being 10. I have a feeling 2026 will be just a bit better. I am kind of scared because I will be older, and I am going into high school.

Let me tell you what 2025 was like for me. Usually, we go to my grandma and grandpa's house for New Year's, but we went to my nana and papi's for my birthday. We had my party at the Hide Out! It was fun! Summer was also really fun. Back to now. I really want to get better at presenting in front of the class and get better at shooting the puck in hockey. I want to stop interrupting people when they are talking.

I think I will move to my sister's room, and she will go downstairs, so I will have a bigger room. I am looking forward to my birthday because I am going to have all my friends come, so I am very excited for 2026!

MacLeod Grade 5H Predictions

My favorite part of 2025 was when I started high school rodeo! I do three events. They are called goat tying, steer riding and break away roping. Goat tying is when you ride up on a horse and then jump off and tie it. My second event is breakaway roping, is where you try to rope a cow. My last event is steer riding, it is where you ride a steer. The worst part of 2025 was when my horse died, her name is Koko. In 2024 my pony died on the same day as Koko, just one year apart.

In 2026 we might get a new horse and I got a new hockey stick and a helmet. I am so excited for my new hockey team. That's why 2026 will be a banger!

Happy New Year! I can't believe it is 2026! This year is a New Year and New things will happen. This year my auntie will be going to university. It feels like I was in grade 3 yesterday. I'm looking forward to go to the high school. From kindergarten to grade 5 going on to the grade 6. With Mrs. McMullen to Mrs. Gowan and Mrs. Bratton and Mrs. Weidenhamer, can't forget about Mr. Myburgh, then Mrs. Hayhurst and so on. I've had a lot of memories in 2025, like winning gold in softball pervinchels, to doing my first solo in dance. I've had a lot of fun in 2025 and now I'm ready for 2026.

In 2026, I want to study more. There are some subjects that I still struggle with a little and I want to be able to work slightly ahead. I also want to work on my posture because my back hurts all the time. (I do not have a back problem.)

To recap the year 2025, when the school year started, I was in Mr. Myburgh's class in grade 4. I was still very bad at perimeter and area, but I am pretty good at math. Now, on December 18, 2025, I am probably still bad at it. (I have not done area and perimeter in a while). Also, just about a month ago, the final season of my Hero Academia came out,

each episode coming out every Saturday, but sadly the final episode ended on December 13, 2025. Demon Slayer, however, is continuing until 2029.

In August, I went to Glacier National Park in Alberta, and we also went to the Prince of Wales Hotel to buy things in the gift shop. In conclusion, 2025 was a great year and 2026 will be even better.

Merry Christmas! In 2026, I think that the new daycare will be finished. My personal goal is to be able to do my 12's in multiplication. I am looking forward to having a new baby cousin. In 2026 I will be in the high school for grade 6. It will be so scary at first, but it will get better and my cousin is in there too. My sister will be in kindergarten the year I move out of school.

In 2026 a lot of things will happen. I predict that another house will burn in town. We will gain more people, maybe a 100 more! Around the world I think a new disease will come that will be like COVID...maybe COVID26. Also maybe a madman will make a mammoth dodo bird, or find a megalodon. I predict that the ocean will rise by one foot and parts of the Maldives will be underwater. Also, I think that Croatia will win the World Cup. I predict that a massive calamity will happen, and the world has to unite to stop it. I hope that 2026 won't be bad. That's all my predictions for 2026

I can't believe it is 2026! This year has been a crazy rollercoaster, like playing hockey, dancing and going from sport to sport can be crazy sometimes. My favourite part of 2025 was when I got to play hockey in Portage. I am looking forward to seeing my family. I am also excited to start a new year with my teacher, family, friends and classmates. One goal I have for the new year is in hockey to be ready when the players cross the blue line. In dance to have pointed toes. I have had some really good teachers in my past years. I have had Mrs. McMullen, Mrs. McGonigal, Mrs. Bratton, Mrs. Fredland, Mr. Myburgh and this year's teacher is awesome. Her name is Mrs. Hayhurst. Next year at the end of the year I will be in grade 6.

Maryfield Grade 3/4/5 predictions

I predict that I will graduate in a few years. In the next few years I predict that I will get a truck. The next months I predict that I will win the lottery. When I am older I predict I will be a good crocheter.

*Bentley
Grade 4
Maryfield School*

I predict that I will go to grade five next year. I predict I will be ten next year. Later in the year I will play Minecraft. Later I predict I will have a good summer.

*Sawyer
Grade 4
Maryfield School*

My first prediction is I will be better at drawing, after that I think I will finally choose what I want in the future. Then I predict I will be year older! And my last prediction is people will finally be smarter.

*Louise
Grade 5
Maryfield School*

I predict that next year the Grinch will steal Christmas but just for Whoville, the whole world. Later in the year the Blue Jays will win the World

Series, and in December they will come out with a second Gilmore Girls movie and the Tic Tac company will go out of business because a kid choked on one. I also predict I will be in Grade 6. I hope these all come true but I don't want the Grinch to steal Christmas or that the Tic Tac company go out of business because I like Tic Tac's.
