

GOODMAN
— STEEL LTD —

Junior Project Manager/ Estimator

EMPLOYMENT OPPORTUNITY

Goodman Steel Ltd. is a manufacturing company located in South East Saskatchewan. From the smallest of projects to large encompassing ones, we focus on customer satisfaction by turning ideas into reality.

We are looking for individuals who are interested in growing within our team as a Project Manager/Estimator. As a Project Manager/Estimator you will be responsible for preparing and analyzing job estimates and estimate costs by gathering costing information from suppliers and third party vendors preparing estimates on multiple projects at once and following them to completion. You have the knowledge and ability to read drawings, possess excellent written and verbal communication skills, and have the ability to problem-solve.

WHAT WE CAN OFFER YOU

At Goodman Steel Ltd., we ask a lot of our employees, which is why we give so much in return. We offer a competitive salary, medical/dental/vision plan as well as a matching RRSP and Pension plan. We also offer a relaxed, flexible, and safe environment for you to work in. Our leadership team at Goodman Steel puts a huge emphasis on training, offering you the opportunity to grow your career path for your future.

To be seriously considered for this position you will need the following:

- Post-Secondary education or previous experience in a steel fabrication environment
- Estimating/project management experience in the fabrication industry is an asset
- Strong attention to detail, observation, and organization skills, knowledge of Quality Control procedures
- Proficient in AutoCAD and Microsoft
- Canadian Citizen or Permanent Residence.

If you are interested in this position, please send your resume along with references to **shelley@goodmansteel.com**

Only those applicants that have been selected for an interview will be contacted..
