

Kari Kosior
Kari's Kloset

Kari's Kloset just celebrated its 10th year in business. Kari comes from Virden, MB where she graduated high school. She continued her education at ACC in Brandon and received her diploma in Business Administration. She knew someday, she wanted to own her own clothing store. Therefore, she started working in the clothing industry at Ricki's in the mall. Starting off as a sales associate then moving up to an assistant manager, and then to an acting store manager, it was in her last year as an acting store manager where she knew she was ready to be on her own. She was lucky to meet Jeanne Waterman, which later connected her to buying the building where JayLyn's Boutique was located in downtown Moosomin.

My first 10 years in business have flown by. The years have been dedicated to building my brand and building the reputation that you can count on us to provide you with honest and reliable customer service. Also to finding quality clothing lines to suit my customers' needs. Clothing trends come and go, so being on top of them is very important to my business. I attend buying markets in Saskatoon twice a year, and work with some of my sales reps quarterly for any ordering. Although overwhelming, it can be a very fun part of the job.

In the latter years, I have learned the importance that technology has on my business. Social media has really taken off, which keeps us very busy in between helping our customers in the store. We are always looking for new ways how to manage our facebook and instagram business. In the online world, the store is always open for viewing but the customer service is only available during the regular store hours. The online presence is key, but the brick and mortar store is our priority, therefore its a give and take at times.

This last year, I worked from home after having our second daughter. During this time, I saw this as an opportune time to start up a website through shopify. This was a very daunting task, but I did it!!! My staff and I are working very hard trying to maintain the website, as well as make it better. Check it out at www.karisklosetonline.com

I am back in the store full time again after a wonderful and busy maternity leave with my two daughters, Billee and Rayna. I look forward to working with my team of girls, Jenn, Jolene, Helen, Robin, Emily and Janelle in the store and to helping all my customers again. Thank you for the continuous loyalty and for your love of fashion!

Carol Glasser
Glasser's TV Service Ltd.

Glasser's TV Service moved to its Main Street location in 1978. When asked what she does in the business, Carol Glasser, who runs the family-owned business with her husband Wayne and son John as well as her granddaughter Niquitta, smiles and admits, "Everything!" She has a dynamic and challenging job; staying on top of the constant evolution in technology and communications keeps her job fresh and exciting. Glasser's has also been investing in the community's work force for decades; they employ a staff of twelve, many of them young people. Every year there's some turnover, "I like the people," she says, "just seeing the business work." Since almost everyone these days needs a cell phone or internet services, Carol also gets to meet a lot of the new people in town.

4K TV is the new evolution in TV. We have seen a progression from the cumbersome but small screen 20" tube-type TV to a very light 65" LED TV. Many families proudly own a large screen TV. Most families have many TVs in their homes. In contrast, not many years ago, more than 2 TVs in a home was unheard of.

We have also seen a change from the rotary antenna (4 or 5 TV channels) to cable TV to satellite dishes. Now some of our customers use only the internet for their TV.

Due to labour shortages we now have 3 foreign workers, which has worked out very well for us.

Carol loves to travel, is active in Toastmasters, and loves spending time with her grandchildren.

Glasser's offers televisions, cameras, computers, cell phones, car audio, and gaming. Carol and her staff look forward to seeing you soon! We are looking forward to the upcoming season of our latest Apple line up. All Apple products are available to us.

Nancy Johnson
Re/Max® Blue Chip Realty

It is always exciting to have the opportunity to introduce myself as Esterhazy's Residential/Acreage Specialist with Re/Max Blue Chip Realty, bringing the knowledge and expertise to the area.

I was born and raised on a farm just North of Esterhazy and attended both the PJ Gillen Elementary School and Esterhazy High School. I am very proud to call Esterhazy my home and admire the diversity Esterhazy has to offer within our mining and agricultural sector, bringing many opportunities for growth and personal development. In 2008, I turned a long time dream into a reality and began my real estate career. June of 2018, marked my 10th Anniversary with Re/Max Blue Chip Realty. After 10 years, I am more excited than ever! There is always an opportunity to meet new families while looking out for their best interests and finding a home that is best suited to their needs. When it comes time for families to move on, it is sad to see them go, however, it is always satisfying to help them get to where they need to be. The rewards of being a part of a family's choices far outweigh anything I have ever experienced. To bring more value to clients, I serve on a multitude of organizations within the community. My professional career has allowed me to give back to the community through its many fundraisers and sponsoring many events.

I met my husband Mark during our early high school years and we have been married for 35 years. We have 2 children, our daughter, Marquie (Kale) who have 2 children, Nathan and Owen who reside in Alberta. Marquie operates her own environmental consulting company. Our son, Matthew (Becky) is currently living in Regina and has earned a degree in Marketing. He has been an integral part of my journey as the man behind the scenes with all of my marketing campaigns which is invaluable! Keeping it in the family, my niece, Carlissa, also works alongside with me and has been instrumental in this journey.

Not only do I have an opportunity to turn your dream into an address, I am proud to be "Your Connection to Home".

Jenny Juliano
Isabela's Bar & Grill

I was born in the province of Pampanga located at Central Luzon of the Philippines. I moved to Canada in June of 2012 because my husband Medardo decided to settle in Canada. We came to Moosomin in June of 2013.

I graduated university as an Industrial Engineer. I started my own manufacturing company that produced high-end wood flooring and we were doing interior finishing with high-end clients in an exclusive subdivision in Manila and Makati. That's where I met my husband who was a civil engineer. We met on one project where he was the inspector and I was the supplier.

When we moved to Canada, I gave up everything in the Philippines to be with my husband. We started a new life and my first job in Canada was an attendant at a Shell gas station in Calgary. We moved to Moosomin and we worked at Dairy Queen as food counter attendants and kitchen helpers. From then on, I think I always had it in my blood to become an entrepreneur, to reach that goal. My husband is always supportive of my craziness and we worked hard to save money so that we could start our own business. I worked two jobs, Dairy Queen and Tim Hortons. When we got our permanent residency, I got a job as a home care aid where I worked night shift, then I was able to work at RBC as a client advisor in the morning after my night shift as a care aid.

We bought the building that was "Yiu's Garden" in May 2017, but had been planning the business concept since February 2017. We started planning the business concept with our good friend who helped us start from scratch. Our own contribution at Isabela's was our passion in business, capital, time, and the goal to succeed, trusting the people around us. My husband and I wanted to give a cozy environment to our customers. By the time we finished the renovations and were ready to open to the public it was already October 3, 2017!

The first year was a learning process for us. There's a lot of adjustment and a lot of changes that we needed to do. We are not a big company, we are not a well-known franchise, we are just a small family that's wanting to have a little place in this town where we can give our best service that we can. Even though we have been through a lot, me and my Isabela's family will still try to give you something new and different every now and then. We will not give up and we will always stay here if you're hungry and needing a hot meal.

Andrea Wasmuth Whitewood Outdoor and Pet Supplies

My husband and I along with our two boys moved to Whitewood from Saskatoon area in 2006 and we saw the need for a store in our area carrying supplies for pets, campers, fishers and hunters so we opened in March of 2007.

We outgrew 2 buildings and moved into our largest location 4 years ago.

We are currently working on our latest expansion of getting the area that was previously a bakery ready to become our fishing and hunting section.

I love to see our loyal customers come back regularly and love meeting and helping new ones. It is exciting that many people come from a distance to shop because of our selection.

We look forward to continuing to grow our business and serve the people in our area.

Sandra Garrett The Witch's Brew

When I first envisioned The Witch's Brew, I didn't even have a name picked out. I only knew that Moosomin needed a place to have a good cup of coffee, and tasty home baking. My family's support in this endeavour was amazing! I truly couldn't be who I am today without them!

Since 2009 we have evolved from just coffee, baking and a lunch special, to having a fully licensed restaurant, with gluten free and vegetarian options. We also do catering for many events and are available for private bookings in-house or off location.

Our sugar cookies, oreo cookies, biscuits, and cheesecakes are top sellers! All our baking is homemade, from recipes we have developed especially for you! Our lounge area in the back is well used by all ages for a comfy place to visit with friends, and family.

My staff and I love seeing our regular customers, and meeting all the travellers passing through town. It means a lot to us to get to visit with everyone! If you have yet to get to come for a spell, we look forward to serving you up a slice of magic we call The Brew!

Maria Boudehane Aspen Grove Campground

I became involved with Aspen Grove Campground in the spring of 2011, along with my husband and 2 other family partners. In 2018 we bought out our partners.

We have worked at Aspen Grove since the 2011 camping season and the time devoted to the business increased each year, with my husband leaving the teaching profession and working full time at Aspen Grove in 2013 and I began working full time at Aspen Grove in 2017, leaving my full time job in Brandon, MB. We have completed our 8th season and we are preparing for our 9th season in 2019. My priorities and concerns are always the campers... without the campers we don't have a campground nor do the staff have a job. I always remind our seasonal staff of this. The camper must always be at the center of what we do.

We welcome all campers: our seasonal campers who join us from May to October, our weekend/nightly/weekly campers during our shoulder season (May/June/Sept) and our holiday campers who join us in our peak season in July & August. This year we look forward to increased traffic off the highway as we have just installed new highway signage on the Trans Canada Highway 2 kms from our turnoff eastbound and westbound. This has been the biggest complaint from campers visiting us, that they can't find us, so we do hope that this will assist them. We can also be found on google maps. We also have our website www.aspengrovecampground.com (all year round) which is our main source for bookings along with the phone 204-855-2260 May-Sept. Word of mouth has also been extremely important to us as we have many repeat campers who come back year after year to camp with us.

We are constantly working to improve the camping experience for all our campers... We look forward to seeing you all in the spring & summer of 2019! Check us out on facebook: Aspen Grove Campground or by email: aspengrovecampground@gmail.com

Shirley Kelly Shirley's Sewing Room

Shirley's Sewing Room has been an area institution for 29 years. Walk into her shop and see the beautiful creations decorating the walls: from traditional to modern quilting expressions, you'll be inspired to take one of the many classes offered. People are encouraged to try the latest models in Bernina sewing machines, and the Sewing Room has become a gathering place for women of every age and skill level. In fact, many women say they come as much for the socializing as they do for the opportunity to learn something new or share their knowledge.

"I inherited my love of quilting from my grandmother," says Shirley, and she considers herself a success any time she can pass that love on. "There's a space for everybody; from the very artistic to someone who just wants to sew squares together to make a quilt for their grandchild."

Come in to the store or phone for a copy of the latest newsletter which will highlight all the events we have going on in the store. Shirley is very grateful to her excellent staff, who have strong sewing skills, and most especially, a love of the craft.

Looking back on her time in business, Shirley reflects, "I just kind of jumped in without thinking about it; I started small and it's been growing steadily ever since. I don't know if I have a lot of business skills; I've just got a passion out of control!"

Ellie Reid

Grid Road Clothing Co.

A Rocanville lifer, wife, and stay at home mom of two, I had been dreaming of a 'side hustle,' when a generous birthday gift from my sweet grandma turned that dream into a reality, and I purchased my first screen printing kit.

Two years later, that parent's basement side gig has turned into a workshop and retail space in town. As my business grows, the inspiration behind Grid Road Clothing remains the same - simple, small town, prairie life, and good times.

I love offering cute and comfortable apparel for all ages and sizes. With the overwhelming support of customers like you, I have been able to give back through my Stronger than Yesterday campaign, and I am so proud of that. In 2016 I started this business with no actual idea what I was doing. 2017 brought more designs and business growth.

In 2018 I made the choice to source as many Canadian-made pieces as I possibly could, which has proven to be a bigger challenge than I had anticipated, but worth it to now leave a better mark on the world.

This year also brought me into town when an opportunity came up to have my own space, where I can dream a little bigger, (look out, 2019!). I am incredibly grateful to my customers and my own support system. I would not be here without you.

Lynn Fawcett

Re/Max® Blue Chip Realty

I was born and raised in this wonderful community of Moosomin. After graduation I moved to Alberta and then to British Columbia where I had a career in the healthcare field.

While in British Columbia, I met my husband Tom and our son Jaimie were born and then we relocated to Alberta where our daughter Callie was born.

After being gone from Moosomin for close to 18 years we decided there was no place like home, so moved back.

Back in Moosomin I worked in the banking field, after 4 years of that I decided to try out my true passion for the Real Estate market. Since January 2016 I have been doing real estate and am loving every minute of it.

I enjoy curling, yoga and doing volunteer work.

Amanda Cairns

Middle of Nowhere Day Spa

I am Amanda Cairns from Maryfield. I am the owner and operator of the Middle of Nowhere Day Spa. We are a cute little spa with lots to offer on Main Street Maryfield.

This year marks 11 years in business for us, which is a huge milestone for a small town business. Our spa offers manicures, pedicures, sugaring, waxing, massage, facials, reflexology, gel nails, lash and brow tinting, micro blading and teeth whitening!

There are 4 of us working here on a regular basis and 2 others that work on a monthly basis. I am always amazed at the amount of business we do and the distance people will drive to come to us.

I love owning a business in small town Saskatchewan. I find it very rewarding and look forward to each and every one of my clients. I get to know my clients on a personal level and I am always happy to be a positive part of their daily lives.

I am looking forward to seeing what the next years of business will look like for the Middle of Nowhere.

Pat Siemans

Pat's Pictures

Hello. I am Pat Siemans and I operate a small Photography business known as Pat's Pictures out of our home. I was born and raised in Brandon, Manitoba but now married for over 20 years and residing near Kola, Manitoba on a farm with my husband and 2 boys.

My passion for photography started in high school. So here I am, 30 plus years later, I still have the same passion and it continues to grow. As a photographer, I have participated in courses and seminars to keep current and that will always be an ongoing process.

I have seen many changes in photography over the years with the advent of digital photography. It has become as much art as simply photographing portraits. I'm still a firm believer in quality portraits that belong on the walls, over mantels, and also in our wallets.

Pat's Pictures has evolved from wedding and family photography to now including school portraits, sports teams and individuals, graduations, passport pictures, and event photography.

A huge thank you goes out to my devoted clientele and many wonderful people that I've met and continuing to meet. They keep me passionate about my photography which makes me continue to strive to deliver quality.

Dee Brickley Detayls Hair Salon & The Beauty Parlour

I am married with 2 children and we currently reside in Kennedy, SK. My husband is a hard working farmer in the area. I was born and raised in Assiniboia, SK where I graduated from High School in 1995. I moved to Moose Jaw and received my diploma in Cosmetology in 1996. After a few years in the workforce I decided to open my first hair salon at the age of 25 after receiving my journeyman red seal certification in cosmetology. In August 2018 I received my certificate in the field of medical aesthetics. I purchased my current salon in 2011 located in Wawota, SK.

I believe education is a key factor in success. If you're not nurturing your passion with education you're not truly passionate about what you do. Learning is the key to growth which is the key to success in any business. If you're not willing to learn you're not going to be truly successful.

In October of last year I was informed of the unexpected closure of the RBC branch and was forced to make some hard decisions as they rented space in the building I owned. I decided to expand my business and to open The Beauty Parlour in June of 2017.

I currently employ one other stylist. Detayls Hair Salon is a relaxing and fun atmosphere filled with talented and knowledgeable women willing to answer and service any request. We specialize in all types of hair services.

The Beauty Parlour is the only Medi spa in the area offering unique anti aging and non invasive skin and body treatments that you can't find anywhere else and we offer them at affordable prices. We house all the new age equipment big city spas have. Most of our equipment has been featured on TV shows such as The Marilyn Denis show.

I love being in business, it's challenging and rewarding all at the same time. There is always something to learn and always room to grow.

Jodie Dunham Ross Gym and Fit

My name is Jodie (Ross) Dunham, I currently live in the Wawota area. I grew up in Winnipeg where I started gymnastics at a young age. I spent most of my career training at the University of Manitoba with the High Performance Training Centre (HPTC). Gymnastics has always been my passion. Once I married and moved to a rural area I knew I could share my knowledge and my passion with the community.

I started training twice a day at the age of 13. This was the result of landing a spot on Team Canada. I was very fortunate to have been able to travel the world to different competitions. Some of my favourites were Four Continents Championship in Australia, International competition in Portugal and my ultimate favourite was training at the Olympic training centre in Colorado Springs.

Coaching was something I always knew I wanted to do. I started coaching for Rhythmic Royals and Sapphires in Winnipeg Once I moved here I started with Wawota followed by Maryfield, Moosomin and Virden. In 2014 I started Ross Gym and Fit bringing all the towns together under one club registered with Gymnastics Saskatchewan and/or Gymnastics Manitoba. Today we have many different classes ranging from recreational to competitive classes and have over 200 gymnasts. New this year we have started training at the provincial level. We currently train Junior Olympic Level 1, 2 and 3.

We now have 3 coaches working towards their certification Martina Mon, Sydney Schenn and Hannah Wovk as well as having many great volunteers.

I spend the rest of my time teaching boot camps, working with sport teams and personal training. I am certified under the Canadian Fitness Professionals.

I love being in the health and wellness industry whether it be gymnastics or fitness. The smile on the kids' faces says it all.

Darla Schlamp Goldy's Greenhouse

It started the first time she walked in to Marilyn's Greenhouse just down the road from where she lives. That feeling of humid air and the smell of fresh soil and blooming plants; from that moment, she knew she wanted to work in that environment. A few short years later the opportunity knocked. After some ingenuity from her husband Brett, they got the greenhouse dismantled, moved and set up on their farm in the fall of 2008. Darla was open for business in May, 2009. Their three children were 4, 6, & 7 years old.

She grew up mainly in Pense and Regina and received a Diploma in Office Education at SIAST. She recalls taking a questionnaire on what type of employment she was best suited to, and the conclusion was Agriculture. At the time, she did not plan on becoming a Farmer; not realizing that would include working in a greenhouse.

Darla's favorite part of owning and operating Goldy's Greenhouse is definitely the benefit of being able to be home for their children. Transplanting and watching the plants grow is a bonus.

"I believe in helping the consumer and from having worked in the service industry, I know it's important to connect with my customers (even if I do forget their names). I hope everyone who comes to Goldy's, feels welcome and leaves like they just visited a friend."
